

Whatsapp Sales Process:

It is a whatsapp-based sales process (Lead Generation) for international Web/App Development customers throughout different continents based on their requirement.

The process will be run from our center by our lead generation expert team through which the prospects will be generated and it will be transferred to the respective clients with all the previous chat details including the basic requirements from customers.

Henceforth the respective company will start discussion based on the previous chat with the customers for understanding the final requirements and give the further details of the projects (like platform , timeline , price , etc) based on their expertise.

Now once the prospect details has been transferred to respective companies, our involvement for further discussions will be Zero.

Our involvement about platform timeline and price will be absolutely Zero.

Target audience and Time slot:

- 9 am to 12 pm:** South East Asia(Australia, Singapore, Malaysia, Thailand and Hongkong)
- 12 am to 3 pm:** Africa and the Middle East
- 3 pm to 6 pm:** Africa, Middle East, European Union and USSR
- 6 pm to 9 pm:** US, Canada, Brazil, Argentina, Mexico and other Latin-American countries
